Description:

From the Mixed-Up Files of Mrs. Basil E. Frankweiler meets Chasing Vermeer in this clever middle grade debut When Theodora Tenpenny spills a bottle of rubbing alcohol on her late grandfather's painting, she discovers what seems to be an old Renaissance masterpiece underneath. That's great news for Theo, who's struggling to hang onto her family's two-hundred-year-old townhouse and support her unstable mother on her grandfather's legacy of \$463. There's just one problem: Theo's grandfather was a security guard at the Metropolitan Museum of Art, and she worries the painting may be stolen. With the help of some unusual new friends, Theos search for answers takes her all around Manhattan, and

introduces her to a side of the city—and her grandfather—that she never knew. To solve the mystery, she'll have to abandon her hard-won self-reliance and build a community, one serendipitous friendship at a time. "Uniquely readable, entirely charming, and a pleasure from start to finish. Debuts this good are meant to be discovered." —SLJ Fuse 8 Blog "Riveting from start to finish." —BookPage

This was purchased for a 5th grade Book Club for my daughter. She and I read the book together, because I knew there was sensitive content thanks to another review, and I needed to censor that area of the book. This is from the other review, and its spot on on page 95 - Raphael was a very amorous person, delighting much in women. He strung along an engagement to the niece of a powerful cardinal for seven years while he fooled around with his mistress, even refusing to finish the popes frescoes unless she was brought to his villa for inspiration. Vasari records his early death at thirty seven as due to sexual excess... This is not age appropriate for elementary school (ages 8-12). Its also completely unnecessary to the story. The writer did a good job of writing and engaging mystery. However she touches on many older themes like mistresses, the Holocaust, war, mental illness, death, etc.... I havent sheltered my kids by any means from life experiences, but we have handled them in age appropriate ways at the time. She really should have given some better background about the Holocaust and World War 2, as most elementary schools havent by 5th grade and it is necessary to the story as it unfolds. Also, the sexual life/mistresses of Raphael could have been handled differently for younger readers. Perhaps not thrown out the information in such a blatant description. Her choice in description is probably fine for older middle school, but not elementary. Even my 19 year old son read the book and was questioning why it was necessary to add it to a kids book and wondered why there wasnt more kid-friendly attention paid to the historical significance of the various themes (Holocaust, WW2, the various painters and works of art taken during WW II, Nazi party, etc.) that tied the story together.
